

Surveys and data

This file include the 14 items in Survey 1 and 12 items in Survey 2 reported in the paper *Conjunction Agreement and the Coordinate Structure Constraint* as well as all the judgments collected (30 participants for Survey 1 and 18 participants for Survey 2). Numbers starting with (20) refer to the sentences in the paper. For details of the survey, please refer to Section 3.1 of the paper. Please contact Zheng Shen (zhengshen522@gmail.com) if you have any questions.
